Agenda

1. The OSCA Committee Meeting was called to order at 2:00 p.m. A quorum was present.

2. Review and Discussion of Chapter 1 of the OSCA Plan:
   - The Committee discussed the structure of Chapter 1 and determined it would be best not to revise the general structure or table of contents.
   - The Committee concluded most sections and subsections in Chapter 1 were important and should remain in the Plan. A discussion regarding simplifying the sections and subsections was held.
   - The Committee conducted an overview of all sections and subsections within Chapter 1 and assigned each Committee Member(s)areas to review and revise. If any Committee Member has specific changes, they are to forward them to the individual(s) assigned to that section.
   - Jeff Kappes will summarize the assignments in an email to share with the Committee.

With no further business, the meeting was adjourned.

Respectfully submitted,

Jeff Kappes, OSCA Update Committee Chair
