DOWNLOAD THE NEW HRCA MOBILE APP

HRCA is excited to announce the addition of a mobile app! The app is designed to help improve efficiency and wait times at our recreation centers when you check in by allowing you to scan your HRCA membership card into your phone. This technology is now in beta testing and available for iPhone and Android users. To download the app, go to www.HRCAonline.org/App.

Once you have added your card into your phone, simply bring your phone and scan your barcode at the access desk of any recreation center. Even better - you have the ability to load multiple cards so save all your family's cards in your phone! We appreciate your patience as we work out any bugs in the early stages of this app.

HR HISTORIC HIGHLIGHTS: ANIMAL ART IN PUBLIC PLACES

Busy Highlands Ranch residents might not notice the various forms of animal art found in the community.

When Town Center was being built, a group of gorillas—yes, gorillas—was erected next to the Target parking lot. “Gorillas were put in the detention ponds because they’re animals that show well, especially when the water drains slowly after it rains,” said John Kilrow, project lead when Shea Homes was developing Town Center. “We wanted something to make people smile.”

Shea Homes used other animal figures when designing Town Center buildings, such as the “drunken monkey” gargoyle on the side of the Old Blinking Light restaurant, right next to Lansdowne Arms.

A prominent sculpture located at the entrance walkway to Westridge Recreation Center is the pronghorn, the work of local artist Larry Perkins. Dedicated in 2003, Perkins named his cast bronze sculpture “Tah Keen Cha,” an Arapahoe Cheyenne word for “small

Summer break is winding down and the seasons will be changing. School will soon be starting and HRCA is gearing up for another season of programming. Please make sure to pick up our activity guide for the fall programs and get an early start on registration. Remember, if you haven't been out to experience our Farmer's Market, it is held every Sunday at Town Center through October and you still have plenty of time to stock up on fresh veggies!

What to do in August: There is plenty to do for the month of August and we encourage you to try a new class or event this month. Two free summer concerts, the Mountain Bike Series, movies in the Backcountry, and

classes for all ages are happening this month. All recreation amenities including the tracks, hot tubs, and room rentals are once again available

for use. Please check out our web site at www.HRCAonline.org for a full list of activities and constantly updated information!

Reminders: Northridge and Eastridge will each be closed for a week of maintenance in August; Northridge is closed August 2-7 and Eastridge is closed August 23-28. Please check out another facility during these times so that staff can clean and complete needed projects that are otherwise not possible when open to the public.

We kindly ask homeowners to be responsible pet owners by both cleaning up after your pet when walking on the sidewalks, trails and parks; as well as refraining from allowing your dog to utilize neighbor's yards for pet waste.

The HRCA enforces the covenants seven days a week. Help us by keeping up with landscape maintenance along with properly storing your recreational vehicles. These are common and re-occurring issues that are regularly addressed by the Community Improvement Services team, and we appreciate everyone doing their part to help with compliance.

Volunteer Shout Outs: Finance Committee: Budget season is kicking off this month and over the course of the next three months, the Finance Committee and staff will meet to review and analyze the proposed budget for 2022. The Finance Committee spends a great deal of time working with staff during this process to develop next year's budget. A special thank you to Committee Members Krystal Woodbury, Rolands Vilums, Ron Welk, Brice Kahler, Mikell Wilcox, and John Mackowiak for donating their time and knowledge. Finance Committee Meetings are open to the public and any interested homeowners can attend. Please visit www.HRCAonline.org/Finance for more information.

COMMUNITY NEWS

Highlands Ranch Named Tree City USA

For 33 years now, Highlands Ranch has achieved the designation of Tree City USA. The weather the last few years has been especially hard on both deciduous and evergreen trees. While it is only August, it is time to think about trimming them up as we head into the fall and winter months. It is also a great time to consider planting new trees. The Colorado State Forestry Service indicates September 1 through October 15 is a great time to plant (if you prefer to wait for spring, March 15 through June 15 is another great time).

Be sure to do your homework though, as some plant species will not always thrive when planted in the fall. Also be aware there are some trees that are no longer permitted due to disease, problematic growth habits, etc. Those trees include Aspen, Cottonwood, Russian Olive and Willows. Additionally, Ash trees are no longer recommended.

If you have had to remove a tree in the last year or two, please consider replacing it. Help us continue thriving as a Tree City USA! To learn more about Tree City USA, please visit the Highlands Ranch Metro District or the Arbor Day Foundation web sites.

pale deer." Though it looks similar to an antelope, the pronghorn is neither an antelope nor a deer according to Perkins.

"A herd of pronghorns once lived in this area so we decided to memorialize the pronghorns that had lived right here," said Perkins. When Mission Viejo arrived to develop the New Town of Highlands Ranch, there weren't any homes or people, just lots of pronghorns roaming freely! These beautiful creatures have a special place in Highlands Ranch history.

Highlands Ranch is also part of Art Encounters, a Douglas County program that places rotating sculptures throughout the county. In 2021, there are seven sculptures located in Highlands Ranch. To learn more, go to www.HRCAonline.org/ArtEncounters.

RANCH UPDATES & EVENTS

TRASH – Put a Lid on It!

Please help keep our neighborhoods safe and clean! Highlands Ranch can be windy, so make sure your trash bins are covered when you set them out for pick up. This will prevent blowing garbage and debris. In addition, with more people using the sidewalks during the summer months, remember to keep your trash bins on the curb and off the sidewalk. After trash has been picked up, trash containers must be properly stored either behind your fence or in your garage. Homeowners who leave containers out will be subject to penalties.

Art Encounters – Vote Now for the Peoples' Choice Award!

Highlands Ranch residents are encouraged to visit the 2021-2022 Art Encounters sites and then go online to www.HRCAonline.org/ArtEncounters to vote for their favorite. Otocast is a mobile app platform for narrated audio guides that let people explore and discover local points of interest and learn more about the artists. Download the Otocast app on your phone and experience Art Encounters in Highlands Ranch in a new way!
